**STEP 2:** *"Came to believe that a power greater than ourselves could restore us to sanity."*

"We found that as soon as we were able to lay aside prejudice and express even a willingness to believe in a Power greater than ourselves, we commenced to get results, even though it was impossible for any of us to fully define or comprehend that Power... Much to our relief, we discovered we did not need to consider another's conception of God. Our own conception, however inadequate, was sufficient to make the approach...God does not make too hard terms with those who seek Him. To us, the Realm of the Spirit is broad, roomy, all inclusive; never exclusive or forbidding to those who earnestly seek.

## HAVE YOU READ APPENDIX II ON SPIRITUAL EXPERIENCE IN THE BACK OF THE BIG BOOK?

Starting on page 569, Appendix II is first referenced in Chapter 2, *There is a Solution* (page 25). It is intended to “fully explain” what is meant by the term Spiritual Experience, used frequently throughout the book. In Chapter 4, *We Agnostics*, Appendix II is mentioned again, this time with a note: “Please be sure to read Appendix II.” Seems more urgent. And it is. In it, the authors wish to dispel an erroneous conclusion that may have been drawn—that Spiritual Experiences or Spiritual Awakenings must be “sudden and spectacular upheavals” or religious experiences. They set us on the right notion by illustrating that the majority of members’ experiences are of the “educational variety because they develop slowly over a period of time.” In fact, as they go on to explain, “With few exceptions our members find that they have tapped an unsuspected inner resource which they presently identify with their own conception of a Power greater than themselves.” This is good news for many of us. If you haven’t checked it out yet, or if you need a refresher on spiritual experiences, this page and a half is well worth the time.

Herbert Spencer

There is a principle which is a bar against all information, which cannot fail to keep a man in everlasting ignorance—that principle is contempt prior to investigation.
